## What is Patent Place?

Patent Place is a platform that allows US based firms to file formalities directly with the European Patent Office (EPO) and with national offices. Whether you have 1 or 100 cases, our Portfolio page provides a single location to access all European Patent (EP) formality services. Our user-friendly, intuitive interface plays a key role in streamlining the application process of an EP.

## Services

When the window to file an EP formality opens, Patent Place provides you with the tools for the task. Our self-service platform is intuitive and we offer a number of features to help you keep track of EP formalities. We provide a solution that disrupts the process of having to use a European firm as a middleman, saving users both time and money.
